DETAILED ACTION

Response to Amendment

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 105 is rejected under 35 U.S.C. 102(b) as being anticipated by Ichihara et al. (U.S. Patent Number 5,809,019).

Regarding claim 105, Ichihara et al. discloses transmission diversity system, Ichihara et al. further discloses a receiving unit (mobile station) for implementing transmission antenna diversity, the receiving unit comprising choosing means for choosing an optimum transmission antenna route based on received signals having information identifying the transmission antenna route (which reads on column 2 lines 50-53), means for notifying a transmission unit of the chosen optimum transmission antenna route (which reads on column 2 lines 55-57); verification means (which reads on a branch identifier) for verifying the transmission antenna route selected for use based on the information identifying the transmission antenna route selected for use, wherein said information is contained in the user data signal formed in the transmission unit (which reads on column 3 lines 1-20).
